

CANCER SCIENCE INSTITUTE OF SINGAPORE SEMINAR ANNOUNCEMENT

Christine Borowski

Chief Editor, *Nature Medicine*
Nature Publishing Group

Considerations for Publishing in *Nature Medicine*

- Date:** Tuesday, 3 March 2015
Time: 11am – 12pm
Venue: CeLS Auditorium, Centre for Life Sciences
28 Medical Drive, Singapore 117456
Host: Prof Toshio Suda

Abstract:

Intended to be a source of advice and demystify the review process for young investigators, this talk will explain what factors editors at *Nature Medicine* consider when making decisions before and after external review. It will also contain advice on when pre-submission inquiries are and are not useful and what information should ideally be included in a cover letter, as well as factors to consider when appealing a decision. Christine will also briefly highlight some of the scientific topics and types of studies that the *Nature Medicine* editorial team is particularly interested in and views as growth areas for the journal.

Biography:

During doctoral work in Harald von Boehmer's laboratory at Harvard University and postdoctoral work in Albert Bendelac's laboratory at the University of Chicago, Dr. Borowski studied T lymphocyte development. Before joining *Nature Medicine* in 2014, Dr. Borowski held editorial positions at *Nature Immunology*, the *Journal of Experimental Medicine* and *Nature Biotechnology*.
