

The Society for Laboratory Automation & Screening (SLAS)
and SAGE Publications present

What Editors Want: A Guide to Publishing in Scientific Journals

Publishing achievements in western scientific journals can be a professional priority and a personal challenge for many prospective authors. This presentation teaches participants how to improve their chances for successful publication of original scientific manuscripts. Included are introductions to the official SLAS journals, the *Journal of Biomolecular Screening* (JBS) and the *Journal of Laboratory Automation* (JALA); typical organizational and submission standards for publishable scientific papers; common pitfalls; ethical expectations; research advice; and strategies to increase a published manuscript's success. In addition, there will be time for questions, answers and open discussion. This presentation will be in English. Light refreshments will be served.

Monday, May 25, 2015 | 2:00 to 4:00 p.m.
CeLS Auditorium, 28 Medical Drive, Singapore

FREE for NUS Students

A reception with the speaker, special guest and light refreshments will follow the presentation.

Presenter

Edward Kai-Hua Chow, PhD, editor-in-chief of the prestigious *Journal of Laboratory Automation* (JALA) and professor at National University of Singapore

Special Guest

Dean Ho, PhD, president of the *Society for Laboratory Automation and Screening* (SLAS) and professor at the University of California, Los Angeles

Host

Cancer Science Institute of Singapore
Yong Loo Lin School of Medicine
National University of Singapore

Registration is **FREE** for National University of Singapore students.
Because space is limited, registration in advance is strongly recommended.
To register, e-mail csikce@nus.edu.sg before Friday, May 20, 2015.

Bonus! All participants will receive 30 days free online access to JALA, JBS and the SAGE Publications Pharmacology & Toxicology Discipline Collection (more than 112,000 articles!).
