

RNA BIOLOGY SYMPOSIUM

SPEAKERS

Keynote

Pier Paolo PANDOLFI Harvard University

Ben BLENCOWE University of Toronto

Polly CHEN Cancer Science Institute of Singapore

Miriam GOROSPE National Institutes of Health

Matthias HENTZE European Molecular Biology Laboratory

H Phillip KOEFFLER Cancer Science Institute of Singapore

Ashish LAL National Institutes of Health

Joshua MENDELL University of Texas Southwestern

Daniel TENEN Cancer Science Institute of Singapore

Heng Phon TOO National University of Singapore

Yue WAN Genome Institute of Singapore

11 Nov 2015

Wednesday

09 00 - 17 30

CeLS Auditorium

28 Medical Drive
S(117456)

RNA BIOLOGY has emerged as one of the most influential areas in modern biology and translational medicine. Join us at this symposium which brings together internationally renowned experts in the field of RNA Biology, with the focus on: Non-classical RNAs, RNA Editing/Modification, RNA splicing, RNA in disease and crosstalk between RNA classes and processes.
