

Molecular Imaging in Biomedical Research (MIBR) Workshop

Thursday, 16 April 2015

Aspiration Theatre, Level 2M, Matrix Building, 30 Biopolis Street

09:30 – 10:00	Registration
10:00 – 10:05	<i>Opening and Introduction</i> Prof David Townsend (Director, Clinical Imaging Research Centre, Singapore)
10:05 – 10:55	<i>Lecture on “Targets for Early Clinical Applications of Hyperpolarized Carbon Imaging”</i> Prof Craig Malloy [M.D. Chair in Cardiology, Advanced Imaging Research Center, Internal Medicine, Radiology; UT Southwestern Medical Centre, USA]
10:55 – 11:05	Q and A
11:05 – 11:30	<i>Talk on “The Relationship between Neurotransmitters, fMRI BOLD Responses and Neural Oscillations”</i> Dr Mary Stephenson (Senior Research Fellow, Clinical Imaging Research Centre, Singapore)
11:30 – 11:35	Q and A
11:35 – 12:00	<i>Talk on “Advances in Nano-biophotonics in Translational Imaging”</i> Prof Malini Olivo (Head, Bio-optical Imaging Group, Singapore Bioimaging Consortium)
12:00 – 12:05	Q and A
12:05	Networking and Lunch reception
