CSI-CMU Joint Symposium 2017

22 September, Friday

9.00am – 9.30am	Registration and Arrival of Guests
9.30am – 9.35am	Welcome Address
9.35am – 9.40am	Opening Remarks
9.40am – 10.10am	**TEH Bin Tean** Senior Principal Investigator, Cancer Science Institute of Singapore, National University of Singapore **Whole-genome and Epigenomic Landscape of Etiologically Distinct Subtypes of Cholangiocarcinoma**
10.10am – 10.40am	**Kou-Juey WU** Chair Professor, Graduate Institute of Cancer Biology, China Medical University, Taiwan **lncRNA Modification and Stability**
10.40am – 11.10am	Tea Break
11.10am – 11.40am	**Takaomi SANDA** Principal Investigator, Cancer Science Institute of Singapore, National University of Singapore **Application of Super-Enhancer Profiling to the Understanding of Molecular Pathogenesis and the Identification of Novel Therapeutic Targets in T-Cell Leukemia**
11.40am – 12.10pm	**Lu-Hai WANG** Vice President and Chair Professor, China Medical University, Taiwan **Transketolase Regulates Dynamic Switch of Glucose Metabolism to Control Breast Cancer Metastasis**
12.10pm – 12.40pm	**H. Phillip KOEFFLER** Senior Principal Investigator, Cancer Science Institute of Singapore, National University of Singapore **BCL6 and BET Bromodomain Protein: Dependencies in Glioma are Targetable**
12.40pm – 1.30pm	Lunch
1.30pm – 2.00pm	**Melissa FULLWOOD** Principal Investigator, Cancer Science Institute of Singapore, National University of Singapore **Investigating Epigenomics and Transcriptomics in Myeloid Leukemias**
2.00pm – 2.30pm	**Shih-Chieh HUNG** Professor, Institute of New Drug Development, China Medical University, Taiwan **Identification of New Characteristics and Novel Maker of Cancer Stem Cell**

2.30pm – 3.00pm	**Sudhakar JHA** Principal Investigator, Cancer Science Institute of Singapore, National University of Singapore **TIP60-ing the Balance Towards Cancer Treatment**
3.00pm – 3.30pm	**Ao-Lin HSU** Professor, Institute of Biochemistry and Molecular Biology, National Yang Ming University, Taiwan **Intestinal SAMS-1 Monitors Dietary Changes and Mediates the Dietary-Restriction-Induced Longevity in C. Elegans**
3.30pm – 4.00pm	Tea Break
4.00pm – 4.30pm	**Yung-Luen YU** Dean, Graduate Student Affairs and Professor, Graduate Institute of Biomedical Sciences, China Medical University, Taiwan **EGFR: From Biology to Therapy in Breast Cancers**
4.30pm – 5.00pm	**Ruby HUANG** Principal Investigator, Cancer Science Institute of Singapore, National University of Singapore **EMT as a Therapeutic Conduit in Cancer**
5.00pm – 5.30pm	**Heng-Hsiung WU** Assistant Professor, Graduate Institute of Biomedical Science, China Medical University, Taiwan **Targeting IL-17B Signaling for Pancreatic Cancer Therapy**
5.30pm – 6.00pm	**Daniel TENEN** Director, Cancer Science Institute of Singapore, National University of Singapore **New Therapeutics Targeting the CEBPA Pathway in Acute Myeloid Leukemia**
6.00pm – 6.05pm	Closing Address
