Japan Society
for the Promotion of Science
& National University of Singapore

Joint 2nd symposium

NEW HORIZONS IN NORMAL AND CANCER STEM CELL RESEARCH

18 - 20 January 2018

Yamasaki Memorial Hall, Kumamoto University
1-1-1 Honjo, Chuo-ku, Kumamoto, Japan

SPEAKERS

Keynote
Gou Young KOH
Korea Advanced Institute of Science and Technology

Wee Joo CHNG
Cancer Science Institute of Singapore

Atsushi HIRAO
Kanazawa University

Yoshiaki ITO
Cancer Science Institute of Singapore

Atsushi IWAMA
Chiba University

Sudhakar JHA
Cancer Science Institute of Singapore

H. Phillip KOEFFLER
Cancer Science Institute of Singapore
University of California, Los Angeles

Nam Long NGUYEN
National University of Singapore

Emi NISHIMURA
Tokyo Medical and Dental University

César NOMBELA-ARRIETA
University Hospital Zurich

Takaomi SANDA
Cancer Science Institute of Singapore

Toshiro SATO
Keio University

Toshio SUDA
Kumamoto University

Patrick TAN
Duke-NUS Medical School
Cancer Science Institute of Singapore

Bin Tean TEH
Duke-NUS Medical School
Cancer Science Institute of Singapore

Daniel G. TENEN
Cancer Science Institute of Singapore
Harvard Medical School

The Stem Cell and Cancer Symposium is jointly organized by the Japan Society for the Promotion of Science (JSPS) and the Cancer Science Institute of Singapore (CSI Singapore), National University of Singapore. Research in stem cell biology and its relation to normal tissue homeostasis and cancer development is gaining huge interest and translational relevance, as there are tremendous opportunities for clinical application regarding to tissue regeneration as well as eradication of cancer. This symposium aims to foster exchange of scientific ideas and facilitate collaboration in stem cell research between scientists in Japan and Singapore. This fascinating symposium also aims to educate junior scientists and doctors working on exciting areas of stem cell researches. Please join us and learn from those cutting-edge scientists.
